

Registro nazionale Italiano Donatori Midollo Osseo
Italian Bone Marrow Donor Registry

Genova, 15 ottobre 2020

Hi Cristina,

Sorry for the delay.

Our Hub is now at Heathgate instead of Heathrow but all else remains the same. Our advice for international couriers is:

From 7th July 2020, there are new regulations in place for entering the UK due to coronavirus (COVID-19) that apply to both residents and visitors. These regulations mean that visitors:

. Will need to provide journey and contact details prior to travelling to the UK via the Public Health passenger locator form: <https://visas-immigration.service.gov.uk/public-health-passenger-locator-form>

. Will not be allowed to leave the place they are staying for the first 14 days they are in the UK (known as 'self-isolating'), except in very limited situations or where country exceptions apply (from 10th July 2020).

International stem cell couriers, importing and exporting cells, are exempt from this self-isolation period, and will be provided with a letter stating this prior to travel, which can be shown to border agents on arrival in the UK.
